MILK FROTHER

USAGE INSTRUCTIONS:

Fill your frothing pitcher 1/4 full with hot or cold milk and place whisk into the milk. Press and hold the button to whisk. Raise frother up and down many times until foam is as desired. Frothing at a 45° or slight angle produces great results. This may take anywhere from 15 seconds to 45 seconds depending on the temperature and type of milk. Please be sure to froth the milk BEFORE adding the coffee for the best result.

FROTHER IS PERFECT FOR:

- ✕ Lattes
- ✕ Cappuccinos
- ✕ Hot Chocolate
- ✕ Keto Coffee
- ✕ Protein Powder

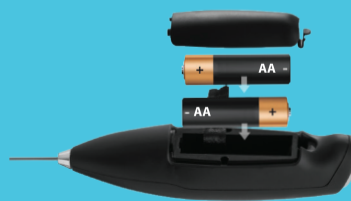

EASY CLEANING:

Dip whisk into hot water or under running water and briefly turn it on. Do not submerge plastic housing.

BATTERY INSTALLATION:

Remove the battery cover by pushing down on the tab and pulling it out. Put ribbon in place and insert first battery (AA) according to the diagram inside, and the second battery (AA) in the opposite direction. Replace battery cover and then enjoy your frothing.

Our Story

Zulay Kitchen is named after my extraordinary mother, Zulay. She was raised in poverty-stricken Venezuela and, against all odds, brought my brother and me to live in the US. As a single mother, she worked extra-long hours but still found time to cook healthy meals for us. At the time, I thought nothing of it. But now that I'm married with children of my own, I see how much of a super-hero mom she really was.

My wife and I created Zulay Kitchen to make shopping easier than ever in today's busy world. We believe that cooking should be fast and easy, so you have more time to enjoy with your loved ones.
